

STAMP YOUR LOVE

Personalise your bridal invitations with your very own wedding stamps from SingPost.

Announce your wedding with stamps featuring your bridal pictures! It'll surprise your guests and make great keepsakes too. SingPost's *MyStamp* Wedding package is a premium service that lets you personalise *MyStamp* with your favourite bridal photos.

Bridal couple, Jonathan Chong and Belinda Lau, decided to personalise *MyStamp* for their wedding invitations. "It is the perfect way to make our wedding memorable for our guests. We can't wait to find out their reaction when they receive these," beams Belinda.

What do you like about it?

It is a premium service that is unique, affordable and convenient.

Why did you choose the Blissful Love Wedding MyStamp package?

I wanted to get the personalised datestamp that is customised with our names and the mailing date of the invitations. It adds that extra special touch to it.

How easy was the ordering process?

We visited the website and placed an order through vPost. A few days later, we got an e-mail with the layout of our personalised stamps for approval. Once ready, we got a call to go to Singapore Post Centre (near Paya Lebar MRT) so that we could pass SingPost our invitation cards for mailing

and collect the rest of the unused stamps. The SingPost staff then did the rest — pasting the stamps and datestamping the invitations.

How long did it take before you got your stamps? Did you like them?

The process took about three to four weeks but the memories of our wedding captured on the stamps will last a lifetime. ☺
